Key:

Projected Month Legislation to be made -this is the month that the legislation is likely to come before Plenary for approval. Members are notified of draft instruments under Standing Order 24.1 and notification usually occurs at least 6 weeks in advance of proposed instruments coming forward to Plenary. Upon notification, Members will be invited to make representations on whether a proposed instrument merits formal consideration by a subject committee. The Deputy Presiding Officer is required to make a determination on whether a proposed instrument is to be considered formally by a Subject Committee under the "extended" procedure, having regard to any advice the Business Committee may provide and any representations received from members.

Recommended Procedure – this is the Standing Order procedure that the Welsh Assembly Government is likely to recommend should be adopted having regard to the nature of the proposed instrument and judgement as to how much scrutiny AMs may want to exercise.
