

## PUPIL PROJECTIONS

These projections are based on the school population of Wales at January 2004 and the trends indicated by the 2003 based mid-year projection of the home population of Wales produced by the Government Actuary's Department

To calculate the school projections, it is assumed that the participation rates of all age groups and types of school will each remain constant. These projections do not allow for changes in pre and post compulsory school age participation or for the changes in the proportions attending special or independent schools

## AMCANESTYNIADAU DISGYBLION

Mae'r amcanestyniadau hyn yn seiliedig ar boblogaeth ysgolion Cymru ym mis Ionawr 2004 a'r tueddiadau a awgrymwyd gan yr amcanestyniad canol-blwyddyn, ar sail 2003, o boblogaeth gartref Cymru a baratowyd gan Adran Actiwari'r Llywodraeth. I gyfrifo'r amcanestyniadau ysgolion, rhagdybir y bydd cyfraddau cymryd rhan ym mhob grŵp oed a math o ysgol yn parhau'n gyson. Nid yw'r ffigurau hyn yn caniatáu ar gyfer newidiadau yn y canrannau o blant sy'n cymryd rhan mewn addysg cyn ac ar ôl oed ysgol gorfodol, nac ar gyfer y newidiadau yn y cyfrannau sy'n mynychu ysgolion arbennig neu ysgolion annibynnol
