Deddfau**

**Legislation Committee Report**

**The Common Agricultural Policy (Wine) (Wales) (Amendment)  
Regulations 2006**

These Regulations further amend the Common Agricultural Policy (Wine) (Wales) Regulations 2001 ("the 2001 Regulations"), which provide for the enforcement in Wales of European Community Regulations concerned with the production and marketing of wine and related products.

**Standing Order 11.7**

The following points have been identified for reporting under Standing Order 11.7.

What appears as 2(8)(c) purports to correct item 15 of the table set out in Part V of Schedule 2 to the 2001 Regulations. In fact that item is correct and the purported correction has no effect. The correction should have been made to item 12, which continues to be incorrect. [Standing Order 11.7 (v)]

The description "what appears as" is used above because there are two regulations 2(7). That numbering can be corrected on publication as it does not affect the substance of the legislation. Similarly, there are two Parts 1 in Schedule 2, which also need re-numbering, and the side note at the top of that Schedule, which refers to regulation 2(8) will also need to be corrected.

In the Welsh text of regulation 1(1), the year 2006 has been omitted from the commencement date. As the English and Welsh texts have to be read together for interpretation purposes, and the year is

clear in the English text, no correcting legislation is necessary. [Standing Order 11.7(v)]

## **Observations**

In the case of many of the defined terms in the English text, the corresponding Welsh terms in italics have been omitted. As these are included for ease of reference rather to have any legal effect, it is appropriate to insert these on publication, as it is to correct the wrong cross-reference in the definition of “ "Commission Regulation (EC) No. 884/2001".

In Schedule 1. the incorrect Official Journal reference has been given in the Welsh text for item 3. As this is for ease of reference and has the effect of a footnote to the substantive item alongside, it can be corrected on publication.

Minor corrections to the Explanatory Note and Preamble and to the spelling have also been identified for correction on publication.
