

## **Teachers' Continuing Professional Development**

### **Funding Routes and Access Points**

#### **Notes:**

The following tables set out a summary of professional development opportunities available to teachers. Table 1 shows activities which are mainly or wholly targeted at professional development. Table 2 shows activities that include elements which may provide and/or support CPD opportunities. Both tables make use of the following approach:

Professional development activities are set against the main stages of career progression.

The funding route for each activity is shown.

Stakeholders are identified by way of the key shown at the base of each table

Access points are indicated for each activity against the relevant career stages.

Each access point makes use of the stakeholder key to show where a teacher needs to go to access the activity.
