October 2012

I write to provide you with an update regarding the A40 Trunk Road through Llanddewi Velfrey.

We have completed the Speed limit review and this advised that no changes should be made to the existing 40 mph speed limit through Llanddewi Velfrey. A bid for funding will be made in the next financial year to carry out enhancement works that were recommended. These include repeater speed limit roundel markings and other potential measures including gateway treatments and a 50 mph buffer speed limit at the western end to help reinforce the limit.

In the meantime, we are continuing to monitor this section of the trunk road in line with the rest of the network in order to review and proactively manage any safety issues.

Carl Sargeant AC / AM
