10. Is there anything else you would like to say about this proposal?

We support the proposal for children to have access to a residential outdoor education experience but would query what financial assists would be available to parents and schools to fund this proposal. It is unfair for some parents to have to cover the costs for these experiences, and other to receive FOC, but again it would be unfair to put this additional financial pressure on the schools to fund. We would strongly urge the Senedd to consider providing financial support for these proposals.
