

Health and Social Care Committee  
Human Transplantation (Wales) Bill  
HT(Ind)35 – Sandra Adshead

As a member of pro-life, SPUC., and for

their Campaigns, I wish to ask you to

STOP, any legislation for PRESUMED CONSENT, of any

Organ Doning; for anyone. Where a person has decided

and arranged themselves, that is their own choice, and

even then, I would suggest that details are checked , and that

it is viable.

Yours sincerely,
