

P-04-633 To Raise Awareness of the Poor Broadband in Our Area

Petition wording:

Superfast Cymru is coming to the Maerdy Exchange but will we get an improved service? Some locations will not benefit at all because they are too far from the cab and the cable is aluminium which does not conduct broadband properly. The real answer is a cab in the village. Please sign to support this petition.

Petition raised by: Geraint and Jane Evans

Date petition first considered by Committee: TBC

Number of signatures: 60 – Paper Petition
